SKILLS & COMPETENCIES

Languages: JavaScript, CSS, MongoDB, Python

Tools: Node.js, Express, Bootstrap, React, Postman, Git, JWT / SSO

TECHNICAL PROJECTS

Health Coach website | Responsive website for a client for Capstone Project

- Collaborated closely with a client to design, develop, and maintain their website, ensuring alignment with their requirements and regular updates for optimal performance.
- Integrated external functionalities into applications by leveraging REST APIs and thorough documentation, thereby expanding application capabilities, and enhancing user experience.
- Designed responsive front-end interfaces using React and Tailwind CSS, resulting in visually appealing and user-friendly website designs optimized for various devices.

Highlight Skills: Git | MERN Stack | Tailwind CSS | 3rd Party APIs

React Chat App | Web-based real-time chat application with user sign-up and login and multiple chat rooms.

- Engineered a robust backend server using Node.js, facilitating full CRUD functionality for seamless data management in the web application.
- Implemented MongoDB for data storage, employing structured model and schema designs to ensure efficient and scalable NoSQL database management for the application.
- Designed and implemented a visually appealing and responsive front-end interface using React, enhancing user experience and accessibility across various devices.

Highlight Skills: NoSQL | Database Schemas | CRUD | Postman

Jeopardy Board | Web-based interactive jeopardy game that utilizes JavaScript for functionality.

- Crafted and stylized the front-end interface of the application using HTML and CSS, ensuring an engaging and intuitive user experience.
- Applied JavaScript to dynamically update a Jeopardy board by seamlessly pulling data from JSON, enhancing interactivity, and providing players with up-to-date information during gameplay.

Highlight Skills: JavaScript | CSS3 | HTML | Git | JSON | HTML6

PROFESSIONAL EXPERIENCE

Kroger Retail Pharmacist

Dec 2023 - Current

- Led and managed a team to achieve organization's goals through fostering effective communication and collaboration, resulting in successful patient outcomes and cohesive team dynamics.
- Provided tailored guidance to patients, ensuring proper communication and satisfaction through attentive counseling and prompt resolution of inquiries.

Highlight Skills: Leadership | Management | Problem Solving | Communication | Organization | Detail-Oriented

Pharmacy Intern

Oct 2020 – May 2023

- Participated in team communication and coordination, leveraging strong interpersonal skills and collaborative efforts to enhance operational efficiency and productivity.
- Applied theoretical knowledge to gain hands-on experience under the supervision of a pharmacist, cultivating practical skills and deepening understanding for Pharmacy practices.

Highlight Skills: Communication | Organization | Time-Management

EDUCATION

Software Development Certificate – Upright Education | Old Dominion University

2024

PharmD – Pharmacy | Virginia Commonwealth University

2023

B.S. – Chemistry, Biochemistry | Old Dominion University

2018
